LIL SIDRASSI MANUEL TO PUT TOGETHER

/ BY CIAT_LONBARDE

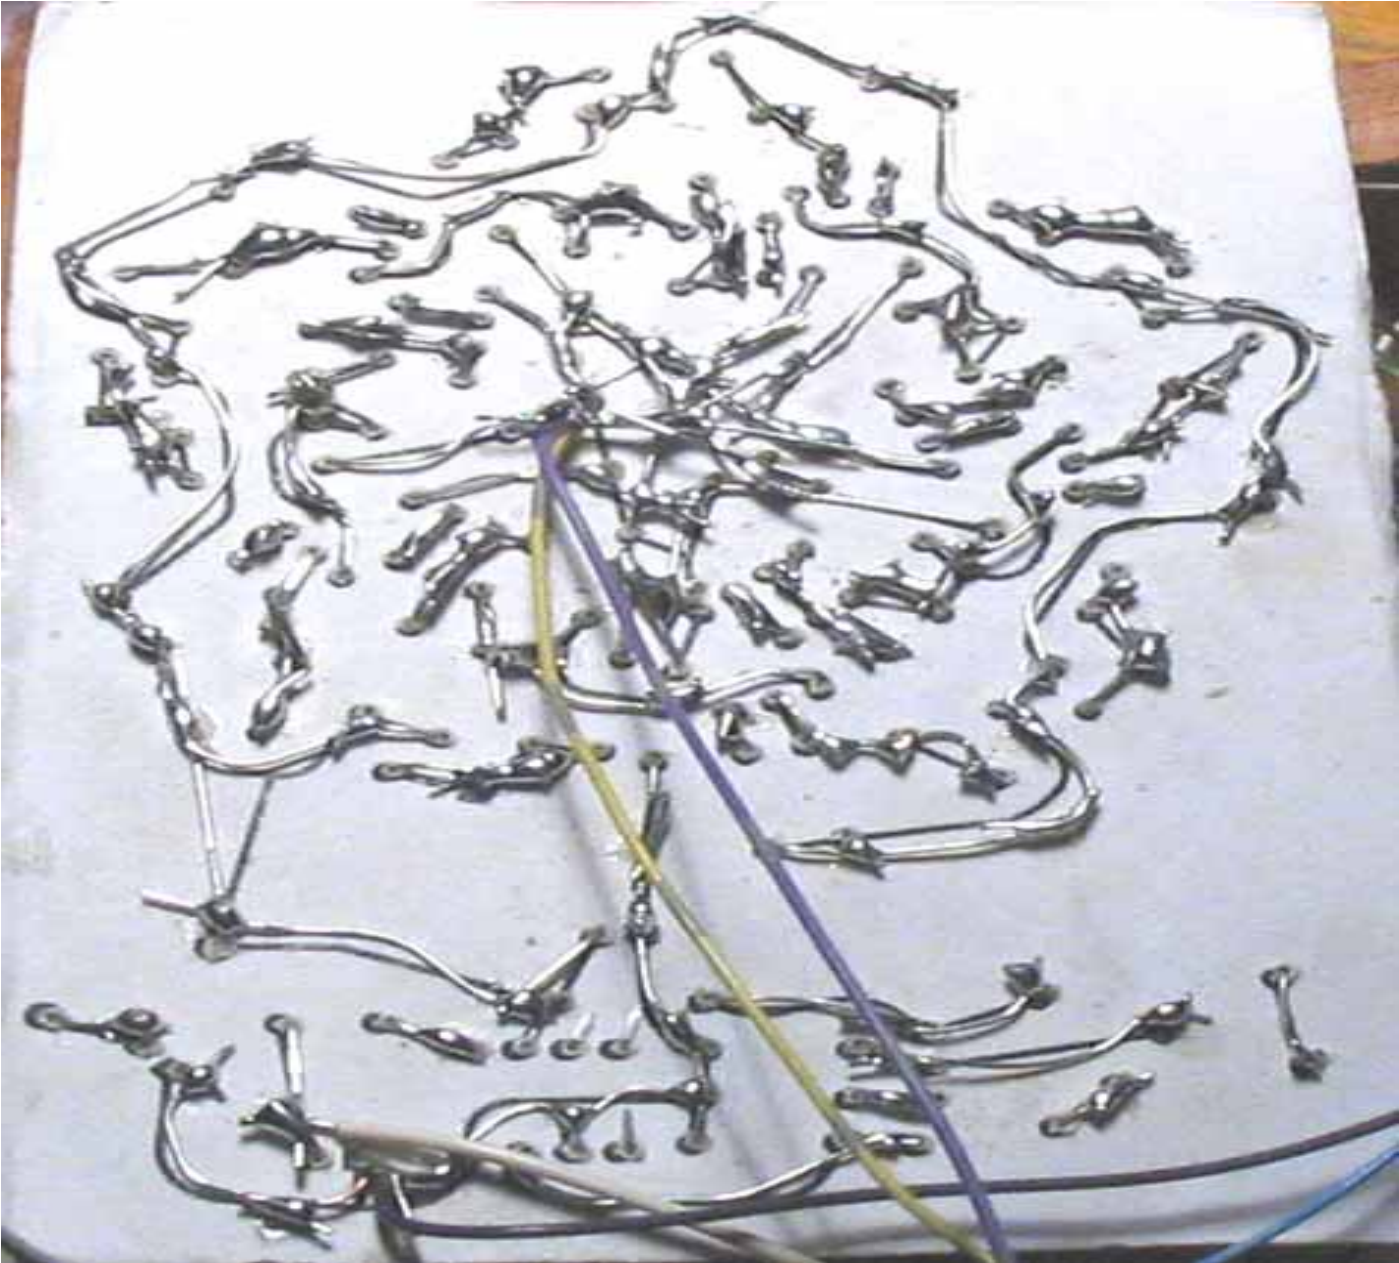

/

/

STEP ONE, click above to view the circuit card assembly sheet. Check that it is to scale: the circuit board should be 6" wide and 4" tall.

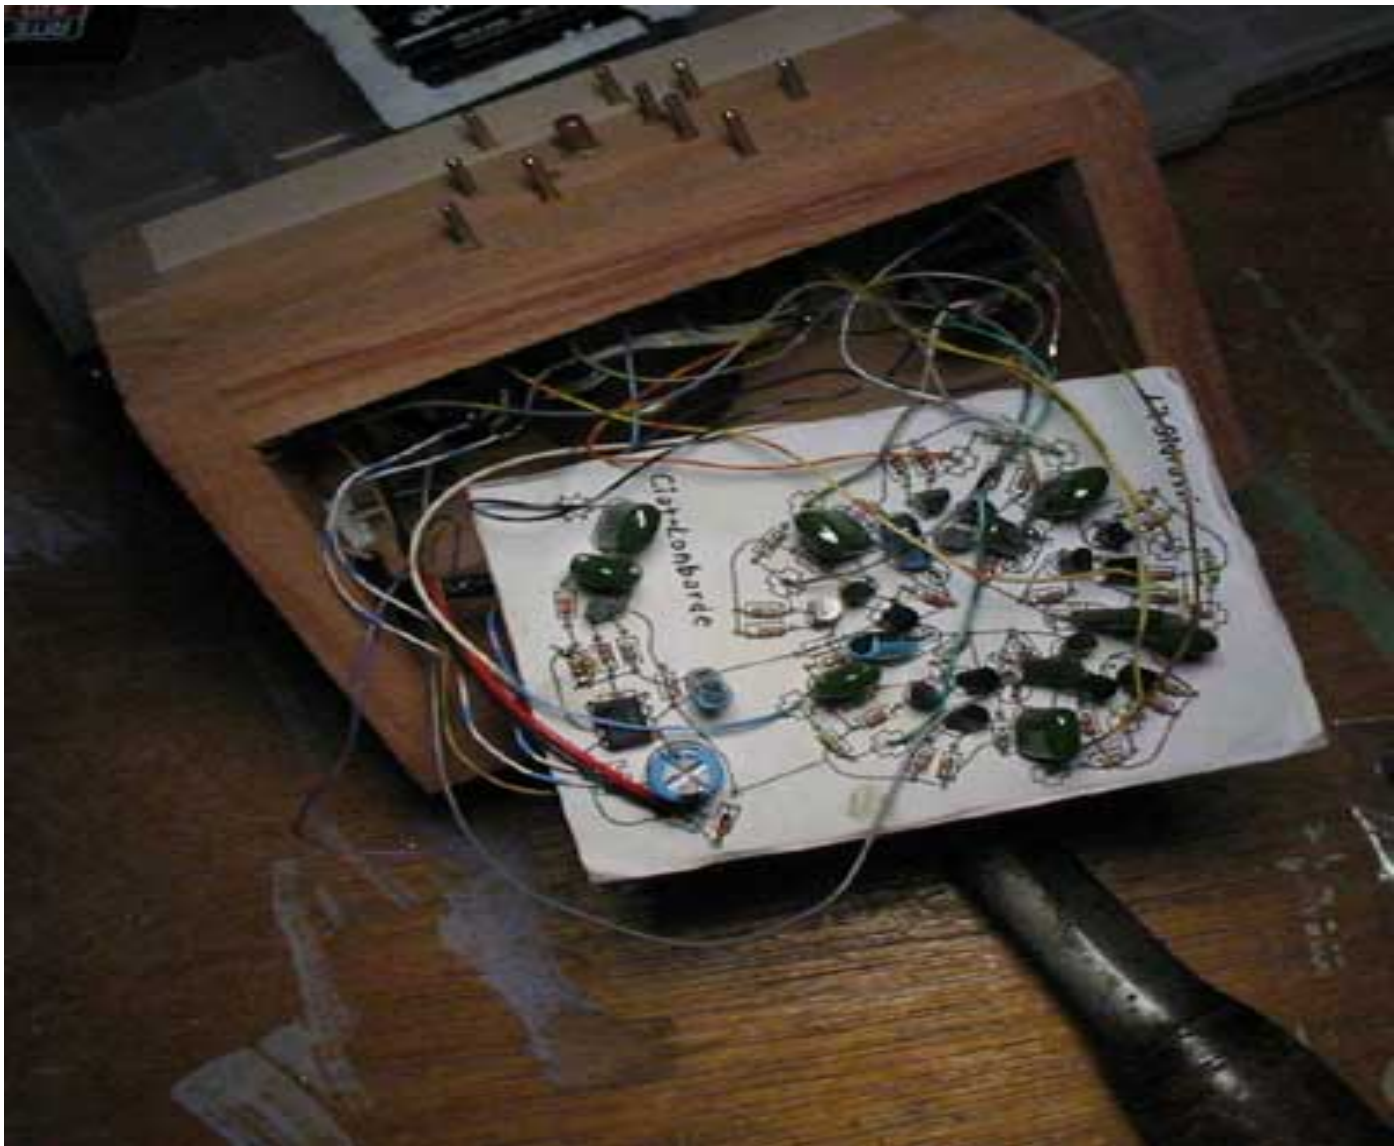

/

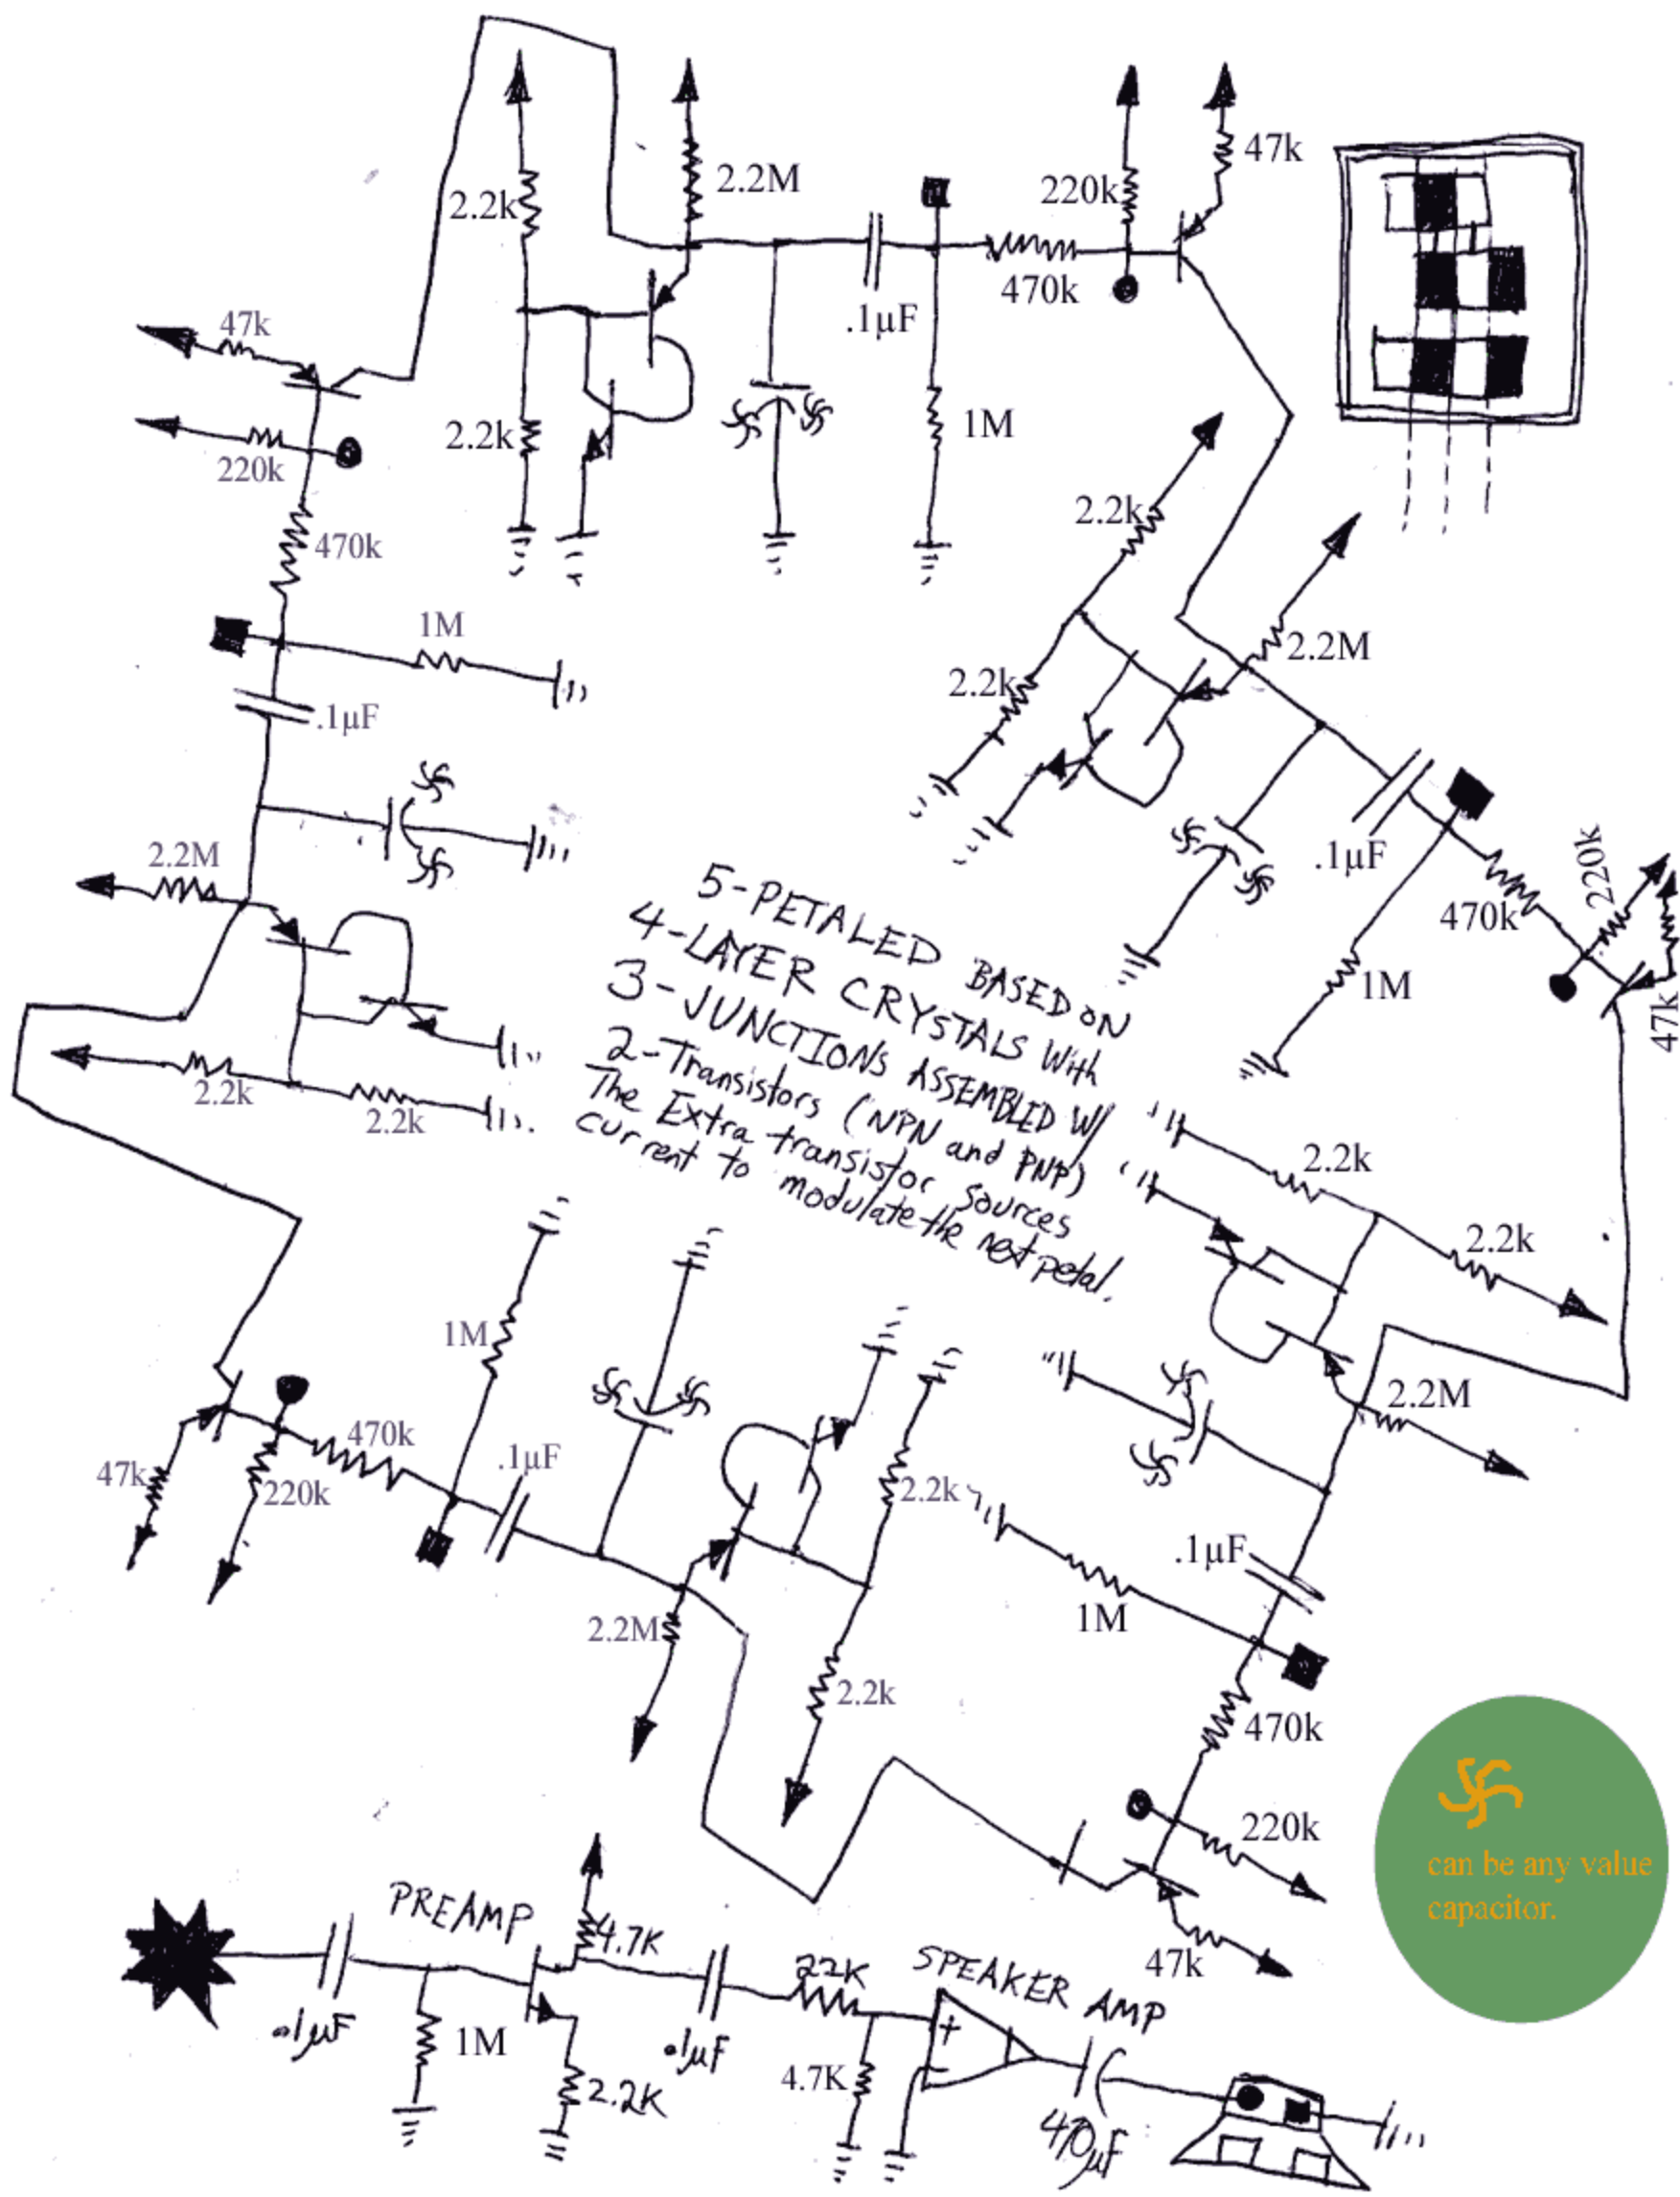

/

This is kinda what the back of your board should look like.

/

/ This is how mine looked spilling out of its case.
/

 can be any value
 capacitor.
